

Fernhill Garden Centre [1]

[2]

[3]

[4]

Fernhill Garden Centre is a family run business that was established in 1978 by the Reid Family. It has developed and grown rapidly in the past 10 years to become recognized as one of Ireland's leading Garden Centre and Landscape Contractors.

In 2018 Fernhill Garden Centre added a large addition to expand the restaurant area of the business. This was no ordinary addition. The interior design was bespoke and the look and feel to the new restaurant area was the focus for the finished product.

Eoin Reid from Fernhill Garden Centre has a particular look that he wanted for the new restaurant area and the heating system should be a visual feature of the space but not in any way perceptible or objectionable when delivering heat. More importantly, comfort for the diners and staff was the key requirement for this project along with economical running costs.

Application:

Commercial

Fernhill Garden Centre

Published on ComfortDisc: Heating & Air Conditioning Systems | Ireland (<https://comfortdisc.com>)

Location:

Cornamagh
Athlone
Co Westmeath
Ireland
